SKILLS

- Windows, Linux, macOS
- SQLite, Firebase, MySQL
- Git, GitHub
- HTML, CSS, JavaScript, RESTful APIs

PERSONAL DETAILS

Date of Birth: 17/01/1990
Nationality: Indian
Visa Status: Husband Resident visa

PROFESSIONAL SUMMARY

- A dedicated and detail-oriented software engineer with a Master of Computer Applications (MCA) degree, specializing in Android and Flutter development. Seeking to leverage my skills and experience in designing, developing, and deploying mobile applications to contribute to a dynamic team.
- Proficiency in programming languages such as Java, C++, Python, or other relevant languages is essential for developing software applications, writing efficient algorithms, and troubleshooting issues.
- Knowledge of web development technologies like HTML, CSS, JavaScript, and frameworks (e.g., React, Angular) allows you to create dynamic and user-friendly web applications.
- Developed and maintained multiple Android applications using Java and Kotlin, with a focus on performance optimization and user experience.
- Led the development of cross-platform mobile applications using Flutter and Dart, ensuring consistent functionality across Android and iOS platforms.
- Collaborated with UX/UI designers to create intuitive and responsive user interfaces.
- Implemented RESTful APIs to enable seamless data communication between mobile apps and backend services.
- Worked in an Agile/Scrum environment, contributing to sprint planning, daily stand-ups, and code reviews.
- Deployed applications to Google Play Store and managed app updates.
- Assisted in the design, development, and testing of Android applications using Java.
- Debugged and resolved application issues, improving app stability and user satisfaction.
- Participated in code reviews and contributed to the improvement of development processes.
- Assisted in the integration of third-party libraries and APIs to enhance application functionality

WORK HISTORY

Software Engineer

- Developed and maintained multiple Android applications using Java and Kotlin, with a focus on performance optimization and user experience
- Led the development of cross-platform mobile applications using Flutter and Dart, ensuring consistent functionality across Android and iOS platforms
- Collaborated with UX/UI designers to create intuitive and responsive user interfaces
- Implemented RESTful APIs to enable seamless data communication between mobile apps and backend services
- Worked in an Agile/Scrum environment, contributing to sprint planning, daily stand-ups, and code reviews
- Deployed applications to Google Play Store and managed app updates
- Assisted in the design, development, and testing of Android applications

using Java

- Debugged and resolved application issues, improving app stability and user satisfaction
- Participated in code reviews and contributed to the improvement of development processes
- Assisted in the integration of third-party libraries and APIs to enhance application functionality

EDUCATION

Post Graduation, 04/2013

IHRD Calicut

University/Board: Calicut University

Graduation, 04/2010

Govt.College Kodenjery

University/Board: Calicut University

Plus Two, 04/2007

GHSS Mavoor

University/Board: Kerala State

S.S.L.C, 04/2005

GHSS Nayarkuzhy

University/Board: Kerala State
